George Pransky has worked with leaders, couples, teams, and individuals from across the globe. Today, he is highly regarded for his ability to develop and train other practitioners teaching the principles. His vision is to provide training for like-minded professionals that would expand the community of people committed to doing this work. He has trained many of today's best-known teachers, counselors, and coaches who work with these principles.

Tuesday, September 4th, 2018
